

TESLA POWERWALL LIMITED WARRANTY (USA)

Effective Date: May 6, 2026

Applies to:

Powerwall 2 AC	Part Number 1108567-xx-x Part Number 1092170-xx-x Part Number 2012170-xx-x Part Number 3012170-xx-x
Powerwall+	Part Number 1850000-xx-x
Powerwall 3	Part Number 1707000-xx-x
Powerwall 3 Expansion	Part Number 1807000-xx-x
Gateway	Part Number 1099752-xx-x
Backup Gateway	Part Number 1118431-xx-x Part Number 1232100-xx-x
Backup Switch	Part Number 1624171-xx-x
Gateway 3	Part Number 1841000-x1-x
Tesla Remote Energy Meter	Part Number 2002069-xx-x
Neurio Energy Meter	Part Number 1112484-xx-x
Tesla Solar Shutdown Device	Part Number 1550379-xx-x Part Number 1879359-xx-x

Ten Year Limited Warranty

This Limited Warranty applies to the Powerwall 2, Powerwall+, Powerwall 3 and/or Powerwall 3 Expansion (collectively referred to as “Powerwall”) and related products listed in the table above (the “Tesla Products”) provided they are installed on your site. Tesla, Inc. warrants that:

- (1) Your Powerwall will be free from defects for ten years following its initial installation date; and
- (2) Your Powerwall will have an energy capacity of 13.5 kWh on its initial installation date, and will retain energy capacity as shown in the table below.

Application	Energy Retention¹	Operating Limitation
Solar self-consumption ² or time-based control ³ , and backup ⁴	70% at 10 years following initial installation date	Unlimited cycles
Any application not listed above, or any combination of applications that includes one not listed above	70% at 10 years following initial installation date	37.8 MWh of aggregate throughput ⁵

¹ Expressed as a % of 13.5 kWh rated capacity.

² Storing energy generated by an onsite solar array, and using that stored solar energy for daily self-consumption.

³ Storing energy generated by the grid or an onsite solar array, and using that stored energy for time-of-use load shifting.

⁴ Storing energy generated by the grid or an onsite solar array, and using that stored energy as backup power.

⁵ Measured at the battery AC output.

Your system may (but not necessarily will) include other Tesla Products.

Powerwall+ and Powerwall 3 may also be installed with one or more Tesla Solar Shutdown Devices. The Tesla Solar Shutdown Device is a device installed underneath the solar array when needed to comply with the rapid shutdown requirements of the National Electrical Code. The applicable provisions of this Limited Warranty will only apply to the Tesla Solar Shutdown Device if it has been installed in a System with a Powerwall, and if applicable, Tesla, Inc. warrants that your Solar Shutdown Device(s) will be free from defects for twenty-five (25) years following its initial installation date.

Note that this Limited Warranty (including its duration) is subject to a number of important exclusions and limitations, which are set out in detail below.

Remedies

If your Tesla Product fails to comply with the above Limited Warranty, Tesla will, in its sole discretion, either repair your Tesla Product (using new or refurbished parts), replace your Tesla Product with an equivalent product (new or refurbished), or refund you the market price of an equivalent product at the time of the warranty claim. If Tesla chooses to repair or replace your Tesla Product and the work is performed by a Tesla Certified Installer, this Limited Warranty includes reimbursement of reasonable labor costs to the Certified Installer that performs the work in accordance with the Tesla's standard policies. If your Tesla Product is repaired or replaced under this Limited Warranty, the remainder of the original warranty period will apply to the repaired or replacement product. Under no circumstances will the original warranty period be extended as a result of your Tesla Product being repaired or replaced.

What Products are Covered?

This Limited Warranty applies to any Powerwall and related Tesla Product that (1) was purchased from Tesla or a Tesla certified installer in the United States of America; (2) has one of the part numbers referenced above; and (3) is installed in the United States of America. Please contact Tesla if you have any concerns regarding whether you purchased your Tesla Product from a Tesla certified installer.

Who Can Make a Claim?

Limited Warranty claims can be made by or on behalf of the end user who acquired and put the Tesla Product into use for the first time. A subsequent owner of the Tesla Product who provides proof of ownership is also entitled to make Limited Warranty claims.

Agreement to Arbitrate. Please carefully read this provision, which applies to any dispute between you and Tesla, Inc. and its affiliates (together “Tesla”).

If you have a concern or dispute, please send a written notice describing it and your desired resolution to resolutions@tesla.com.

If not resolved within 60 days, you agree that any dispute arising out of or relating to any aspect of the relationship between you and Tesla will not be decided by a judge or jury but instead by a single arbitrator in an arbitration administered by the American Arbitration Association (AAA) under its Consumer Arbitration Rules. This includes claims arising before this Agreement, such as claims related to statements about our products.

We will pay all AAA fees for any arbitration, which will be held in the city or county of your residence. To learn more about the Rules and how to begin an arbitration, you may call any AAA office or go to <http://www.adr.org>.

The arbitrator may only resolve disputes between you and Tesla and may not consolidate claims without the consent of all parties. The arbitrator cannot hear class or representative claims or requests for relief on behalf of others purchasing or leasing Tesla products. In other words, you and Tesla may bring claims against the other only in your or its individual capacity and not as a plaintiff or class member in any class or representative action. If a court or arbitrator decides that any part of this agreement to arbitrate cannot be enforced as to a particular claim for relief or remedy (such as injunctive or declaratory relief), then that claim or remedy (and only that claim or remedy) shall be severed and must be brought in court and any other claims must be arbitrated.

If you prefer, you may instead take an individual dispute to small claims court.

You may opt out of arbitration within 30 days after signing this Agreement by sending a letter to: Tesla, Inc.; P.O. Box 15430; Fremont, CA 94539-7970, stating your name, product, and intent to opt out of the arbitration provision. If you do not opt out, this agreement to arbitrate overrides any different arbitration agreement between us, including any arbitration agreement in a lease or finance contract.

Limitations and Disclaimer

THIS LIMITED WARRANTY IS THE ONLY EXPRESS WARRANTY MADE IN CONNECTION WITH YOUR POWERWALL AND RELATED TESLA PRODUCT. Any other warranties, remedies and conditions, whether oral, written, statutory, express or implied (including any warranties of merchantability and fitness for purpose, and any warranties against latent or hidden defects) are expressly disclaimed. If such warranties cannot be disclaimed, Tesla limits the duration of and remedies for such warranties to the durations and remedies described in this Limited Warranty.

Relationship with Applicable Law

This Limited Warranty gives you specific legal rights. You may also have other legal rights, which vary from state to state. For example, some states do not allow limitations on how long an implied warranty lasts, meaning the limitations in the “Limitations and Disclaimer” section above may not apply to you. The terms of this Limited Warranty will apply to the extent permitted by applicable law. For a full description of your legal rights you should refer to the laws applicable in your jurisdiction.

General Exclusions

This Limited Warranty does not apply to any defect or energy capacity shortfall resulting from any of the following: (i) abuse, misuse or negligence, or damage caused by or resulting from installation, operation, maintenance or repair not in accordance with applicable Tesla Product specifications and manuals, (ii) accidents or force majeure events, including but not limited to lightning, flood, earthquake, fire, or other events outside the reasonable control of Tesla; (iii) modification or repair of your Tesla Product performed by anyone other than Tesla or a Tesla certified installer; (iv) opening of the external casing of your Powerwall by anyone other than Tesla; (v) failure to operate or maintain your Tesla Product in accordance with the Owner's Manual, including removal of the Backup Switch conduit hub or operation of the manual override switch unless directed to do so by Tesla Support, or by your local electric distribution utility, or in a service event to recover power when the utility grid is supplying power; (vi) any attempt to modify your Tesla Product, whether by physical means, programming or otherwise, without the express written consent of Tesla; or (vii) removal and reinstallation of your Tesla Product at a location other than the original installation location, without the express written consent of Tesla.

In addition, this Limited Warranty does not cover (a) normal wear and tear or deterioration, or superficial defects, dents or marks that do not impact the performance of your Tesla Product; (b) noise or vibration that is not excessive or uncharacteristic and does not impact your Tesla Product's performance; (c) damage or deterioration that occurs after the expiration or voiding of the warranty period; or (d) theft of your Tesla Product or any of its components.

Exclusion for Failure to Connect to the Internet or Failure to Register your Powerwall

In order to provide this Limited Warranty for the full ten-year warranty period, Tesla requires the ability to update your Powerwall through remote firmware upgrades. Installation of these remote upgrades may interrupt the operation of your Powerwall for a short period. By installing your Powerwall and connecting it to the Internet, you consent to Tesla updating your Powerwall through these remote upgrades from time to time, without further notice to you. If your Powerwall is not connected to the Internet for an extended period, or has not been registered with Tesla, we may not be able to provide important remote firmware upgrades. In these circumstances, we may not be able to honor your full ten-year Limited Warranty. We would prefer to avoid this, so will try to contact you if your Powerwall's Internet connection is interrupted for an extended period. If you did not purchase your Powerwall directly from Tesla or our affiliate, **please register your Powerwall with Tesla⁶** so we are able to contact you, if necessary. Even if we can't honor your full ten-year Limited Warranty for the above reasons, we will always honor your Limited Warranty for at least four years following the date your Powerwall was installed for the first time, subject to the exclusions and limitations set out in this Limited Warranty.

California Proposition 65 Warning

We are required to advise you that the Tesla Product may contain chemicals known to the State of California to cause cancer, birth defects and reproductive harm. We don't expect you to come into contact with any part of your Tesla Product other than the external casing. If you do, please wash your hands afterwards.

Modifications and Waivers

No person or entity, including a Tesla employee or authorized representative, can modify or waive any part of this Limited Warranty. Tesla may occasionally offer to pay some or all of the cost of certain repairs that are not covered by this Limited Warranty, either for specific Tesla Product models or on an ad hoc, case-by-case basis. Tesla reserves the right to do the above at any time without incurring any obligation to make a similar payment to other Tesla Product owners.

Limitation of Liability

TESLA SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, EXEMPLARY OR PUNITIVE DAMAGES ARISING OUT OF OR RELATED TO THIS LIMITED WARRANTY, REGARDLESS OF THE FORM OF ACTION AND REGARDLESS OF WHETHER TESLA HAS BEEN INFORMED OF, OR OTHERWISE MIGHT HAVE ANTICIPATED, THE POSSIBILITY OF SUCH DAMAGES. TESLA'S LIABILITY ARISING OUT OF A CLAIM UNDER THIS LIMITED WARRANTY SHALL NOT EXCEED THE AMOUNT YOU PAID FOR YOUR POWERWALL.

SOME STATES DO NOT ALLOW, OR RESTRICT, THE EXCLUSION OR LIMITATION OF DAMAGES, INCLUDING INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU, OR MAY ONLY APPLY TO A LIMITED EXTENT.

⁶ The Tesla certified installer who sold and/or installed your Powerwall should give you an opportunity to register your Powerwall during the commissioning process. In order to register, you will need to accept the Tesla Customer Privacy Policy (www.tesla.com/legal). If you do not register at the time of installation, you can do so later by contacting us at the email address or telephone numbers listed at the end of this Limited Warranty.

Limitation on Use

YOUR POWERWALL IS NOT INTENDED FOR USE AS A PRIMARY OR BACKUP POWER SOURCE FOR LIFE-SUPPORT SYSTEMS, OTHER MEDICAL EQUIPMENT, OR ANY OTHER USE WHERE PRODUCT FAILURE COULD LEAD TO INJURY TO PERSONS OR LOSS OF LIFE OR CATASTROPHIC PROPERTY DAMAGE. TESLA DISCLAIMS ANY AND ALL LIABILITY ARISING OUT OF ANY SUCH USE OF YOUR POWERWALL. FURTHER, TESLA RESERVES THE RIGHT TO REFUSE TO SERVICE ANY POWERWALL USED FOR THESE PURPOSES AND DISCLAIMS ANY AND ALL LIABILITY ARISING OUT OF TESLA'S SERVICE OR REFUSAL TO SERVICE YOUR POWERWALL IN SUCH CIRCUMSTANCES.

Governing Law

This Limited Warranty shall be governed by the laws of the state where your Tesla Product is installed, except to the extent inconsistent with or pre-empted by federal law. The application of the United Nations Convention on Contracts for the International Sale of Goods is expressly excluded.

Claims Process

In order to make a claim under this Limited Warranty, please contact the Tesla certified installer who sold you your Tesla Product. If you are unable to contact the Tesla certified installer who sold you your Tesla Product, or if you purchased your Tesla Product directly from Tesla, you should contact Tesla at the address, email address or telephone numbers identified below. For a warranty claim to be processed, it must include (i) proof of the original purchase of your Tesla Product and any subsequent transfers of ownership, (ii) a description of the alleged defect(s), and (iii) your Tesla Product's serial number and original installation date. Prior to returning any Product to Tesla, you should obtain an RMA (Return Merchandise Authorization) number from Tesla by submitting a Service Request Form at the link indicated below.
